Cardiology Care in the 21st Century  
South Pacific Cruise - Celebrity Solstice Oct 26th - Nov 3rd 2014 Departs Sydney

Program Overview
Join us on board the luxurious 5 star Celebrity Solstice as we provide the most up to date clinically focused cardiology education. Using interactive dialogue, demonstration, case presentations and hands on opportunities, this conference will provide an update of cardiology diagnosis, treatment and care. This conference offers 14 hours of continued professional development.

Topics
* Cardiology Overview: where we are, where we were, where we will be
* Patient presentation and assessment
* Cardiac diagnoses and current terminology: out with the old, in with the new.
* ECGs: simply explained and applied!
* Invasive diagnostic tools: The cardiac catheterisation procedure. Includes risk management, patient preparation
* An insiders view of cardiac catheterisation: nursing responsibility during the procedure
* Post procedure care: what a critical thinking nurse should know
* Cardiac care: How treatment decisions are made. Includes a discussion of complications, pharmacotherapy, interventional and surgical treatment for patients with diagnosed cardiac disease.
* Stenting: History and trends of intervention.
* Future directions
